Re: Foundation Works Permanent Foundation for Manufactured Homes

This letter is to verify our acceptance of using your *Foundation Works Permanent Foundation System for Manufactured Homes* (as evaluated by TRA, File #7046) in combination with our Installation Manual for the setup of homes on retailer locations for temporary display purposes. The installation shall comply with any requirements and limitations as defined in your engineer-certified foundation plan as required by local jurisdiction for temporary display installations.

Subsequently, we will approve the Foundation Works Permanent Foundation System for homes sold to consumers under the following conditions:

1. Approval letters provided must be home serial number specific.
2. Installation shall comply with all requirements & limitations as defined on the Foundation Works Foundation Plan.
3. The Foundation Works plan shall be designed to accommodate all live loads imposed at the customer's site, and be certified by a registered engineer.
4. The Foundation Works plan & instructions shall be acceptable to local jurisdiction.
5. All other requirements in our Installation Manual shall be complied with.

Please let me know if you have any questions.

Thank you.
